“ I am so grateful and thankful for Athena's! I started in the industry over 7 years ago. I put in my time and learned how to run my business with another company.

I was attracted to Athena's because of their inclusivity to all people, their focus on quality ingredients and the love and positive energy the company exudes.

Having the ability to work on my own schedule as a single mom makes life more enjoyable for my daughter and me. I love this business; it is the perfect vehicle for helping people find happiness in the little (or big) things they desire. I am excited every day to go to work, whether I am working from home or out at a party.

Partying for a living is so much fun! ”

## FAQ Charging Best Practices

## Policies and Product Care

### Return Policy

All sales are final due to the intimate nature of our products. No cash refunds will be given. Motorized products are guaranteed depending on the item, for a replacement of the exact item. Please refer to the item in this catalog or on our website [www.athenashn.com](http://www.athenashn.com) for the warranty timeframe. If you purchased an item at a party and need a replacement, please contact your Goddess or Adonis directly. If you purchased a product on the Athena's website and need a replacement, call (877)-ATHENAS or email our Customer Care Liaison at [customerservice@athenashn.com](mailto:customerservice@athenashn.com) for instructions to send back your item.

Refer to FAQ shipping at [www.athenashn.com](http://www.athenashn.com) or the sheet enclosed with your motorized toy for more detail.

### Product Packaging

To keep packaging waste at a minimum, some products may be packed in protective plastic bags and delivered without a box. If you receive a package from our home office, you'll find that we only use "green", 100% recyclable, renewable and biodegradable packing materials. Athena's loves Mother Earth.

### Product Colors

In an effort to keep all products in stock and to prevent backorders, colors may vary from time to time.

### Caring For Your Adult Novelty Items

To ensure that you always enjoy a pleasurable experience with your adult novelty items, follow the care instructions listed below:

- Always remove batteries after each use.
- Only use the charging cord provided with the purchased item or an authorized AHN replacement.
- Clean novelties before and after each use with an antibacterial cleaner (we recommend *Mighty Tidy Toy Cleaner* — see page 61).
- Do not store products near extreme cold/heat.
- Do not store your adult toys in a manner where they are touching. Keep them separated to avoid melting or discoloring.
- Do not place lotion bottles or adult novelties directly on the surface of furniture. Place them on a cloth to protect your toys and the finish on your furniture.

Following these simple steps will help extend the life cycle of your items.
